1. Upon my intake at Northampton County Prison I was not given my ONFI "Life Sustaining anti Convulsant" for control of severe epilepsy for five (5) days until the date of 8/29/2024 and then sometimes given doses of generic version, and sometimes not, up until 9/15/2024. I asked the Primecare Medical Inc. LPN's "Why am I not getting my ONFI anti convulsant?" and they stated "We don't have it." Upon my transfer to the Prison I signed a property sheet at the Bethlehem City Police Station and I personally viewed the medication being in custody with my personal property. When I was transferred by The Bethlehem City Police to Northampton County Prison the medication was given to Corrections Officer D. Watson badge # 438 and she stated to me "I gave all medications to Primecare staff" even though Primecare staff stated "We were never given an ONFI anti convulsant." Do to Officer D. Watson missplacing my medication after taking my property and me not getting my ONFI "Life Sustaining Anti Convulsant" at all up until the date of 8/29/2024 and then inconsistently up until 9/15/2024 it caused a "break through" seizure on 9/15/2024 on F Tier with Correction Officer James Spaziani badge # 552 calling a "code Blue" medical emergency and my life being placed in danger of Death, retardation, or paralysis. Don Shane P. Caffery is in charge of medication and/or the pharmacy in Northampton County Prison, and distribution of the medication by Primecare Medical Inc. in Northampton County Prison.

2. Classification Administrator Ryan Heesler came onto F tier threatening me with physical assault and using obscene language because, I sent a request slip to administration stating that "I refused to fight with people having my medical problems which will lead to a failure to protect." Ryan Heesler stated to me on F tier in front of witness Corrections Officer Tony Hampton badge #296 "IF you ever send me another request slip like this Kreis I will beat the shit out of your fucking 5' 6" tall pussy ass! You have been trying to sue us for years you bitch! How is that going for you asshole? If you ever send me any request slips or grievances about shit I will house you alone on E tier on administrative Segregation you pussy! Do you want to fight? Hell I will give you my address!" Then he stormed off the tier. Officer Tony Hampton badge #296 stated "I think you should just fall back and be quite Kreis.", after Ryan Heesler left the tier. All in retaliation for me seeking my constitutionally protected right to redress in the federal court case 21-CV-236(X).

3. A "Code Blue" medical emergency because, I had an epileptic episode due to inconsistent medication by primecare Medical Inc. even bringing my own "Life sustaining Anti convulsants" into the facility and it is DON Shane P. Caffery's responsibility to maintain the pharmacy in Northampton County Prison and distribution of medications. Corrections Officer James Spaziani badge #552 called the "Code Blue", Responding Primecare Medical Inc. LPN Darcey L. Fritz came onto F Tier and stated "Oh GOD Kreis again, whatever he is fine." Darcey told the Block Officer James Spaziani to just; "told me to check you here and there.", I was told this by Officer James Spaziani this was told to him, LPN Darcey L. Fritz told the DOC officers that there was no need to take me to medical or place me on "Medical Observation" in which Darcey L. Fritz knows I am supposed to be on at all times pursuant to St. Lukes Neurology Associates Dr. Chad Edward Saunders M.D. Neurologist. Darcey L. Fritz was an employee during the time of my related pending lawsuit of Constitutional Right 5:21-CV-2360 CMR. Her action in retaliation: All was caught on DOC camera.

4, I was called to the medical room to speak to DON Shane P. Caffery and PA-C Paulina Foley about my epileptic episode the previous day and I explained it was because of inconsistency of receiving medication and inconsistency of distribution times. Both of which are directly related to DON Shane P. Caffery's responsibility. Paulina Foley also stated "I will take care of that", but nothing changed. Pursuant to page 58 of 62 in the "Northampton County Official Handbook" it states that if times are required by physician it will be provided. Pursuant to St. Lukes Neurology Associates Dr. Chad Edward Saunders M.D. my medications are important to be administered 12 hours apart to maintain blood levels. DON Shane P. Caffery and PA-C Paulina Foley know this because both are defendants in related Constitutionally protected Right to pending case 5:21-CV-2360 CMR and Primecare Medical Inc. in Northampton County Prison was made aware of the required conditions of continued care to avoid irreversible harm. Death, paralysis, and retardation. St. Lukes Neurology Dr. Chad Edward Saunders M.D. also made it required for me to be on "Medical Observation" which F Tier is not. The actions of DON Shane P. Caffery is in retaliation of pending case 5:21-CV-2360 CMR and PA-C is in retaliation of the same case and acknowledgement and acquiescence of DON Shane P. Caffery's actions and/or inactions.

5. I was taken by the Northampton County Sheriffs to the Fountainhill St. Lukes Hospital Campus to 701 Ostrum Street St. Lukes "Sleep medicine" to see Dr. Suneel Valla M.D. Specialist and I was told in my last "Sleep Study" I had done shortly after my release on 02/15/2023 that I had stopped breathing cutting off oxygen to my brain over 300 times in a 8 hour study due to the exacerbation of my severe OSA during the time I was in Northampton County Prison from the dates of 11/09/2020 to my release on 02/15/2023 do to inadequate medical care and deliberate indifference to my serious medical needs. This was the reason Dr. Chad Edward Saunders M.D. of St. Lukes Neurology Associates ordered that I should be on "Medical Observation". Primecare Medical Inc. at Northampton County Prison know's pursuant to medical file entries of my need for "Medical Observation" and my serious medical needs in general, but they are ignoring them in deliberate Indifference in result of retaliation for my constitutional right to file pending case §1983 5:21-CV-02360 CMR.

IV. Statement of Claim

D.

6. I was called to the medical exam room to speak to PA-c Paulina Foley and DON Shane P. Caffery about the rental of a CPAP for breathing assistance of my severe OSA and that it had to be "cleared" by the corporate office. As a result of Primecare Medical Inc. not monitoring or admonishing its employees is why the medical care at Northampton County Prison is so bad and renting a CPAP is the only thing Primecare Medical Inc./Northampton County Prison has done for my serious medical needs diagnosed by Dr. Suneel Valla M.D. of St. Lukes sleep study and St. Lukes Neurology Dr. Chad Edward Saunders M.D. both needing continued care to avoid irreversible harm, causing (SUDEP) Death, retardation, paralysis. Primecare Medical Inc. is not monitoring that the medical care in Northampton County Prison is up to standard of its own companies policies. Endanger my life and causing pain.

7. I spoke to Judi Ruggiero from the "Jail Advisory Board" about my "Code Blue" for an epileptic episode and giving my medication at random times or even not getting doses and how this affects my diagnosed health conditions for continued medical care to avoid irreversible harm. The Jail Board's Job is to help inmates stay safe and fix problems within the jail, but she refused to directly confirm my complaint and nothing changed. The first time I approached her she said I was giving her an attitude and told me "Get the hell away from me." Northampton County does not acknowledge anything medical even if it is life threatening. Corrections Officer Lanehequa Harrison badge # 553 was present.

8. I was sent to E tier "the Hole" by Corrections officer Laisha Ramos badge # 544 when she lied on a formal misconduct when she stated that I made the comment to her "Fuck the air you're breathing". When I was escorted to the medical exam room before being brought to "the Hole", so I can be "medically cleared", PA-C Paulina Foley was in the room and when asked if I was "clear", she waved her hand in arrogance that there is no "DOJ" orders that the DOC must follow and I was "clear" to be placed in "the hole." This is the first time it was acknowledged that upon my intake I was never placed on "Medical observation" and in retaliation my life was and is being put in danger by Paulina Foley and all named Primecare Medical Inc. staff as a result of the constitutionally protected Right to seek redress in the Federal court and now all medical staff in general act in retaliation to my right by inadequate medical care and placing my life in danger of SBI/Death (SUDEP). Officer Doyle badge 202 immediately notified medical of my choking and was told "He is fine". I had to plead guilty to the misconduct because of fear of Ryan Keester's threats and he does disciplinary hearings.

The serious medical needs I have were diagnosed by St. Lukes Neurologist Dr. Chad Edward Saunders M.D. requiring continued care to prevent irreversable harm of (SUDEP) Death, retardation, or paralysis and St. Lukes Sleep mediciane Dr. Suneel Valla M.D. for continued Breathing assistance.

9. The block officer on F tier called post 17 medical station and Corrections Officer Zorilla badge # 375 who immediately answered the phone stated "tell that shmuck he can wait!" and hung up. Five (5) minutes later post 17 Officer Zorilla called back stating "That piece of shit has no medicine hear LOL." As a result of this I never got tylenol for a severe headache. The officer at post 17 was on speaker phone and officer C. Pinkowski badge # 5477 heard all of it.

IV. Statement of Claim

10. Correctional Officer Pagani badge # 523 Lied on a Formal misconduct stating that I shoved another inmate in which I did not then stated I made a racial slur. I had no choice but to plead guilty to the misconduct before Heesler, or he would give me more time. As a result of his threats I was afraid he will do some thing adverse to me, I was given a CPAP machine earlier in the day with a "DOJ" order in which the DOC must follow so I was NOT clear for "The Hole" as there is no outlets there. I ended up being kept in cell F14 and just placed on "Disciplinary Segregation". Officer Pagani took everything from me, including legal work, never inventoried any of it or had me sign a property sheet. It is constitutionally protected to do legal research and as a result of who my Father is acted as such, some research was lost.

IV. Statement of Claim

D.

11. I asked Corrections Officer A. Rosario for medical assistance for my CPAP breathing assistance Therapy for continued care of a serious medical need diagnosed by Dr. Suneel Valla M.D. from St. Lukes Sleep Medicine. I was told to "Go Away" and she refused to call medical even with a "DOJ" order with the therapy, causing me to choke while sleeping, and opening the chance for severe injury or death during sleep via nocturnal seizure causing (SUDEP) Sudden Unexpected Death In Epilepsy, Retardation, or paralysis.

IV. Statement of Claim
D

12. Corrections Officer A. Rosario turned off the power outlet to my "DOJ" ordered CPAP rendering it unusable and I woke up choking. I explained to her that the light switch, because of the current wiring configuration, shuts off the power outlet and she stated "to bad the switch is staying in the on position." Denying me continued therapy for my serious medical needs diagnosed by Dr. Suneel Valla M.D. of St. Lukes Sleep medicine. Giving me the chance of choking and sleep deprivation, and (SUDEP). A "break through Seizure."

IV. Statement of Claim

D,

13. Corrections Officer A Rosario watched over Primecare Medical Inc. LPN Bonnie Gleason giving medication on F tier and when given my medication I asked LPN Bonnie Gleason "why is there no Trileptal for my epilepsy?" and she stated "we have no more". So I didn't get my life sustaining anti convulsant this morning due to DON Shane P. Caffery not ordering Trileptal and/or even Oxcarbazepine (generic), which is DON Shane P. Caffery's job to do at Northampton County Prison. As a result of his actions/inactions I recieved inadequate medical care and my life was put in danger of SBI or Death (SUDEP), all stemming from retaliation of filling my §1983 in May 2021 which is pending before the court 21-CV-2360 and was my Constitutional Right to do so.

IV. Statement of Claim
D.

14. Corrections Officer A. Rosario was letting inmates come over to my cell "F14" and turn the switch and/or Power Outlet on and off, even after notifying her, denying the use of my CPAP "DOJ" cleared Treatment. She did not stop the other inmates like her Duty calls. Care, Custody, and Control.

IV. Statement of Claim

D.

15. I asked Corrections Officer K. Davis badge # 064 "please turn the switch so I can use my CPAP" and I showed him the "DOJ" order so it work in the cell. Officer K. Davis stated "No one told me about it so the switch is staying on, I don't know." I was denied medical care for a serious medical need from sleep medicine even with the "DOJ" order.

IV. Statement of Claim

D.

16. I asked Corrections Officer Caleb Pinkowski badge # 547 after he turned my outlet off "please turn the outlet on so my CPAP will work so I can breath." I showed the "DOJ" order and he stated "Yeah okay Whatever" and never turned the outlet back on denying me the use of the CPAP causing me to have to sleep and choke. In which will exacerbate my OSA and cause sleep deprivation increasing the risk of a break through seizure.

17. Corrections Officer J. Rosario badge # 332 allowed inmates to turn the power outlet on and off for my CPAP even after alerting to it and as a result I could not use my CPAP and I was denied the use of my "DOT" cleared therapy for severe sleep apnea.

IV. Statement of Claim
D.

18. Corrections Officer A. Rosario stated "because you are the inmate and I am the CO, I don't care what you are saying. The switch is staying in this position and the power outlet can stay off. I don't care you're not using your breathing thing LOL." All after I stated "Ma'am, the outlet doesn't work and supply power to help me breath with the switch in that position, can't you use your flash-light other CO's?" Even showing the "DOJ" order that the DOC is supposed to follow. As a result Corrections Officer A. Rosario stated "What? and make me work harder?" I was denied medical Therapy by CO A. Rosario for my serious medical need Diagnosed by St. Lukes Sleep Medicine Dr. Suneel Valla M.D, and as a result I had to sleep without my CPAP causing sleep deprivation, choking, exacerbation, and the chance of a break through seizure.

IV. Statement of Claim

19. I had my disciplinary hearing with Ryan Keesler for the formal misconduct by CO Paganì. I asked Ryan Keesler to put a "Keep separate" on another inmate because, of threats of assault after the inmate took a request slip I wrote from the CO's desk and told everyone I was a "Rat". I also informed Ryan Keesler about the problem with the power outlet in my cell getting shut off every time the switch is moved. I told Ryan Keesler about not getting showers and recreations 24/7 in my cell against inmate handbook policy. Ryan Keesler stated "I will have Horvath look into threats and watch it", which because he did nothing resulted in the inmate putting his hands on me, "I will have the outlet looked into by maintenance as soon as possible", but it was never fixed until 11/21/2024 by order of SGT. Jiminez to maintenance. As a result Ryan Keesler not caring about me and lying to me, I did 15 days 24/7 in my cell and as a result of me seeking redress in the Federal court which is my constitutionally protected right he has broken the 1st 8th and 14th Amendments in retaliation. All was witnessed verbatim by Corrections Officer Robert Micklich badge #152.

22. Corrections Officer Harrison badge # 553 witness of Bonnie Gleason coming to see me cell side about me putting in multiple sick calls and me never getting called to medical for them. 23. I gave a Primecare Medical Inc. grievance to LPN Peyton to alert DON Shane P. Caffery, PA-C Paulina Foley, and RN Lauren Tamburino that my medications are giving me bad headaches which can easily grow into full epileptic episodes and all three medical personal have been told by my medical specialist at St. Lukes Neurology about the needs for continued care of my serious medical needs. Dr. Chad E. Saunders M.D. has told Primecare Medical Inc via "AVS" multiple times the need for "medical observation" due to (SUDEP), the need for CPAP care, to avoid sleep deprivation leading to seizures, the use of my VNS implant to help control my epilepsy, 12 hour intervals for my medication, and the need for Brand Name Trileptal due to differences in generic and Brand Name. All three of these defendants listed above are in control and/or in charge of this at Northampton County Prison. Paulina Foley puts entries into your inmate care File of Primecare Medical Inc. and sets up medical runs, going over "AVS" returned by the specialist. DON Shane P. Caffery takes care of ordering medications in the Prison and the distribution of medications. Lauren Tamburino is the Medical Administrator to over see the proper inmate care in the Prison. All information is already known for my medical care in my Primecare Medical File "August Byron Kreis 2419-6383" but, as a result of me doing the constitutionally protected right to redress in the federal court pending case 21-cv-2360 now they don't care, ignoring me giving me inadequate care and placing my life in danger of SBI/Death.

Against the specialist's recommendations for continued care of serious medical needs, All of Dr. Chad Edward Saunder's orders from St. Lukes Neurology are in my inmate care file "2419-6383". Those orders threw "AVS" are just being ignored in retaliation for going to the constitutionally protected Right of redress in the Federal Court 21-CV-2360, my life now being belittled and placed in danger of SBI/Death by inadequate medical care and deliberate indifference.

Caffery is director over the LPNs and RNs, and Lauren Tamburino oversees all of medical and both defendants failure to do what they are paid to, results in no structure to medical care. Above mentioned defendants just acknowledge and acquiesce medical staff's inappropriate actions. Leading to my civil rights violations.

Primecare Medical Inc. has the policy established by corporate upon the "receiving screening" at Northampton County Prison to verbatim "It is the responsibility of Nurse and or the medical assistant completing the receiving screening to verify medications with the pharmacy or outside provider. Verbal orders that are obtained from PCM providers are documented on a verbal order form in CorEMR" Upon intake Primecare Medical Inc. uses the above mentioned Corporate Policies, but upon verification they do not verify if an alternative which is lesser in price is a less efficacious treatment to your serious medical needs. These above mentioned corporate policies combined with the fact Primecare Medical Inc. has a policy of corporate as well to opt for a treatment that is lesser in price as can be seen by Primecare Medical Inc. corporate Policy verbatim "Patients entering the facility on perscription

In reference to claim 6 that the CPAP had to be "Cleared" by corporate, this is because anything over the lesser alternative has to be "Cleared" by the policy of corporate before being administered and as a result once the medication I came into Northampton County Prison with was used up, I was only given generic alternatives for a month and a half to two months until Corporate "Cleared" the ordering of the correctly prescribed "Life sustaining anti convulsants." which caused "break through seizures" and put my life in danger of (SUDEP) Death, retardation, or paralysis in deliberate indifference to my serious medical needs diagnosed by St. Lukes Neurology Associates and continued care by Dr. Chad Edward Saunders M.D. "Neurologist" to avoid irreversable harm. All of claim 33 directly violating Plaintiff's 1st, 8th, and 14th Amendment Rights. 1st amendment do to retaliation for pending case 21-CV-2360 CMR, to constitutionally protected right to seek redress in the Federal Court §1983.

The next day he never called me to medical. This whole conversation was witnessed by Officer Colva badge #534. DON Caffery had shown that he knows of his actions of not ordering his responsibility to brand name Trileptal for my serious medical needs, and adequate medical care while in custody. I sought redress in the Federal court as performing my constitutionally protected right, pending case 21-CV-2360, and now I am not receiving adequate medical care or the proper care for long term chronic care to a serious medical need which is leading to retaliation and deliberate indifference. 35. I reported to Corrections Officer Harrison badge #553 that I had a nocturnal seizure and LPN Irida Candia - Romero was sent to F14 to take my base vitals. At 11:30am, while waiting for my "provider" to reply it progressed into a full epileptic episode and corrections Officer; officer Harrison badge #553 called a "Code Blue" medical emergency. I was taken via "striker chair" by corrections officer Tony Hampton badge #296 to the main medical exam room. Med. Adm. Lauren Tamburino commented "I wrote a (DOS) order that he is to be placed on (medical observation)". I was brought to cell H17 to be on a medical observation block, as a result of all 5 beds in the "medical Housing unit MHU" being full, I was eventually brought my belongings by C.E.R.T. Officer Anderson. Anderson later returned and stated "I have never heard anything like this, but pursuant to primecare Medical we are to put you back on F tier in cell F14." Once back on F Tier I had Corrections officers personally check and witness that the "OMS" (offenders Management System) stated verbatim "11/17/24 • reason for assignment → • Med OBS on F tier per primecare • entered by Spikes, Donell." I was in H17 trully on Medical Observation for a total of 2 hrs and 49 min.

This showing deliberate indifference to not give medical care when it is even recognized by non medical staff but, Officer S. Boyd denied to give medical care. This situation also shows that F tier is not an observation block, the Corrections do not care. My "DOJ" order for a CPAP is on the block to notify any officer working of my serious medical needs and it is in my "OMS" file I am to be on "Medical observation" /

37. LPN Joan L. Kneas brought medication and I was given 2 generic 300mg Trileptal pills. I stated "What is going on with my meds Jodi?" and she stated "I don't know Kreis, they are not ording it anymore." I also gave LPN Joan L. Kneas a Primecare grievance to take me to my specialist Neurologist after my "Code Blue" on 11/17/2024. But it was denied by Paulina Foley as "Not Necessary". With deliberate Indifference to my serious medical Need diagnosed by Dr. Chad Edward Saunders M.D of St. Luke's Neurology needing continued care in which defendant Paulina Foley is well aware of. Violating my Rights.

38. I was taken via "striker chair" to the medical exam room when K. Davis badge # 549 called a "Code Blue" medical emergency, because I walked out of my cell when count cleared and immediately went into an epileptic episode by the officer's station by gripping the cart next to the podium and falling over to my right towards the ground. Another inmate caught me from slamming my head into the ground, before the CERT team and medical arrived on F tier. Once in medical LPN Joan L. Kneas took my base line vitals and I was not monitored after the episode. CERT member Officer Cruz helped me walk back to F Tier once I could. Corrections Officer K. Davis badge # 549 did a full situational report and the "Code Blue" should all be on DOC camera recording. As a result of the Primecare Medical Defendants giving the wrong medications and not being on "Medical Observation" pursuant to St. Lukes Neurology Dr. Chad E. Saunders MD orders for care of a chronic serious medical need out of inadequate medical care, deliberate indifference, and retaliation of my constitutionally protected Right to seek relief in the Federal Court for my prisoner Rights in 2021, 21-CV-2360, now my life is being placed in danger of SBI or Death, (SUDEP), "Sudden Unexpected Death in Epilepsy". I have had several "Code Blue" medical Emergencies and all that is done is take my "Base line" vitals and place me back in my cell not being observed for at least 24 hours to make sure there is no following "break threw" seizures (Epileptics), which will lead to death.

39. I was called to the medical exam room to speak with defendant PA-C Paulina Foley about the "Code Blue" medical Emergency called the previous day due to inadequate medical care because the medical care company Primecare and their workers in Northampton County Prison do not do their contracted jobs and Northampton County refuses to take responsibility for Medical actions and for inactions by stating "insurance" covers everything. Federal case law has already stated that, "just because a facility contracts out its medical inmate services to a third party that doesn't relieve the state of its responsibility to provide adequate medical care to those it wants to hold in custody." I am still NOT being given the correct medication for severe epilepsy control and in only one seizure I can die. The way this jail is treating me is in retaliation of me doing my Constitutional Right of seeking relief in the Federal court for conditions in 2021 in the pending lawsuit of the Eastern District of Pennsylvania 21-CV-2360 Hon. Cynthia M. Rufe, J. I am afraid for my life.

As a result of inadequate medical care and retaliation of filing previous §1983 I experienced multiple seizures in my disability of Epilepsy of serious medical needs. 43. This claim is in reference to claim number 42's actions of finally receiving a different medication other than the Generic Trileptal also known as Oxcarbazepine. This claim is also in reference to claim 33 and the policy and custom of Primecare Medical Inc. using generic medication to save money. "Corporate" has to finally approve of the use of a life sustaining medication in which is already known to be known by Primecare Medical Inc. as a necessity to sustain my life. 44. Medication was just distributed by Primecare Medical Inc. LPN Irada while Correction Officer LaFragola was breaking F tier's block officer. I was given a dark yellow oblong pill inscribed with the numbers 139 and the letter G on the other side. This is the generic form of Trileptal also known as Oxcarbazepine. I asked LPN Irada "Did you have to just pour all these pills?" LPN Irada stated "yes". Primecare Medical Inc. at Northampton County Prison is incompetent and I do not understand what the medical care people at this facility don't understand that you can NOT go medication to medication and not think that there will be no negative result. Putting my life in Danger of SBI or Death. My neurologist has told these people so many times of how the continued care of my serious medical needs. Dr. Chad Edward Saunders M.D. of St. Lukes Neurology has told them/Primecare (SUDEP), putting my life in danger as a result of severely inadequate medical care as a result of poor administration and retaliation as a result of my First §1983 filed in 2021 and served in 2023 which is my constitutionally protected Right.

Saunders M.D. has communicated with Northampton County Prison's medical care by Primecare Medical Inc., but they do NOT follow it. Don't shame P. Caffery does not keep my life sustaining anti convulsant in stock and/or order brand name as required as continued care required and Lauren Tamburino does not enforce proper medical care within the Jail. Which lets Primecare save money using generic medications. All defendants listed are in my §1983 that was filed in May 2021. 21-CV-2360 in which causes these actions of retaliation and inadequate medical care. 60. Corrections Officer Harrison watched over LPN Bonnie Cleason and she administered all generic anti convulsants instead of my (Name Brand Specific) Trileptal for my action of filing my §1983 in the Federal court pursuant to my constitutional rights. Pending lawsuit 21-CV-2360 filed May 2021. Leading to inadequate medical care and my life being put in danger of SBI or Death.

61. Corrections Officer Harrison badge 553 witnessed me talk to Lt. Michael Chiebrovski who was in the supervisor's office at the time I called PREA on inmate "Roland Hammell" about touching me and inappropriate sexual comments to another inmate and Lt. Michael Chiebrovski stated "That is odd, Hmmm. I never got a call I will have to look into that, I will get back to you." I talked to Corrections officer James Spaziani badge # 552 and he confirmed that when Officer Harrison badge 553 took my statement and the other inmates for a situational report Lt. Michael Chiebrovski was here. All PREA calls should be recorded and this place did nothing. As a result of retaliation of seeking redress in the Federal Court by Constitutional Right then being brought back into custody during my §1983 21-CV-2360 I am suffering severe emotional and medical suffering.

62. Corrections Officer S. Jackson badge # 338 watched over LPN Iraida Candia-Romero of Primecare Medical Inc. gave me all generic anti convulsants instead of my (Namebrand Specific) medication in retaliation of me seeking relief in the Federal Court pursuant to constitutional right by §1983 and she is now giving me wholly inadequate medical care. Placing my life in danger of SBI or Death (SUDEP). Explained by Dr. Chad Edward Saunders M.D. for continued care/therapy for continued/chronic serious medical needs. Violating my right to adequate medical care 8th Amendment and in violation of my 1st Amendment right.

Continuing to violate my 1st Amendment rights out of retaliation for my §1983 Filed pending in front of Hon. Cynthia M. Rufe, J. 21-CV-2360. Constitutionally Protected and now I'm suffering inadequate medical care and the Administration also acts in retaliation acting of not caring about my safety.

64. Corrections officer Harrison bage # 553 over watched medication given by LPN Bonnie Gleason and all of my life sustaining anti convulsants prescribed by my specialist Dr. Chad Edward Saunders M.D. from St. Lukes Neurology as (Brand Name Specific) are not given as brand name. As a requirement for continued care of my serious medical needs for epilepsy. The ONLY Primecare Medical Inc, LPN that gives it to me correctly is Joan L. Kneas. She also confirmed it to me over this past weekend that "it is in the pharmacy room and these individuals don't care." DON. Shane P. Caffrey wont have to pay to reorder it, because it is barely given. The actions of this medical care team in Northampton County Jail are a result of a lack of supervision/admonishment and retaliation for me using my Constitutional Right to seek redress in the Federal Court in 2021. Pending Case 21-CV-2360. Now my life is being placed in danger of SBI or death, it only takes one seizure to die.

Michael Chiebrovski and I asked him "So did you find anything out about the PREA I called?" and Lt. Michael Chiebrovski stated "I only know what SGT. Harring said and he stated that he knew nothing about it." It was confirmed by 2nd shift officer James Spaziani badge # 552 that all of the shift supervisors that allegedly knew nothing about the (non tolerance PREA) call I made on 12/13/2024 around 11:15 am, which should be recorded, and NO ONE did anything about it. I had serious emotional distress because of nothing being done out of retaliation of me seeking redress in the Federal Court on on this facility in 2021 in May, when I filed the pending §1983 21-CV-2360 Hon. They were told at Northampton county Jail that I am at risk to die and (SUDEP). All prescribed treatment is to be followed. Primecare Medical Inc. at Northampton County Jail lies to my specialist about the care being given. There is an exhibit attached to claim 68 about the lies told. A blood work done and Primecare Medical Inc at the Northampton County Jail saying I don't need to see the doctor even though I have had seizures, because my blood levels are within acceptable limits. Even though they lie and don't tell the Dr, Dr. Chad Edward Saunders M.D. that they are not the right medications. It is a coincidence that when I am not in here, Northampton County Jail, as an example; February 15th 2023 to August 24th 2024, I have no problems with my seizures and I have a PA drivers license but, as soon as I have to rely on Primecare Medical Inc. for medical care I have problems. As a result of my pending §1983 of 2021 21-CV-2360 in which I filed under my constitutional Right to seek redress by the Federal Court I am suffering retaliation and I'm afraid for my life by receiving inadequate medical care.

To: Inmate Kreis, August #0005264 (F-14)

Subject: Inmate Letter/Letter of concerns and complaints

Mr. Kreis,

I have received your most recent slip/letter/tablet correspondence. The concerns and your complaints within your recently submitted letter have been duly noted, and your letter has been forwarded to the Director of the Department of Corrections.

Thank you,

69. I received a response from "Public Safety Administrator, David C. Collins, Sr." about the letter I wrote to the "Director of Corrections, Michael Pittaro" on the 18th day of December. I wrote the letter to the Director of Corrections the day before on the 18th of December and that letter is proof they got it the next day on the 19th of December. A verbatim copy is in with the complaint under 28 USC § 1746 and the letter sent to me today is with it. I explained how nothing was done about the PREA call on 12/13/2024 and the violation of CDC about MRSA asking administration of Northampton County Jail to do something.

Corrections Officer Harrison badge # 533 was working F tier when Primecare Medical Inc. LPN Liasha distributed medication giving me generic medications for my chronic medications condition for epilepsy not listening Dr. Chad Edward Saunders M.D. of St. Lukes Neurology directions for continued care of serious medical needs. All of the medical staff in the facility of Northampton County Jail do not get monitored or admonished by the individuals in the positions to do so. Lauren Tamburino as the Medical Administrator is supposed to monitor ALL medical staff and DON Shane P. Caffery is in the position to monitor/admonish all of the medical staff giving medications and he ABSOLUTELY does not. These medical staff do whatever they want, placing me in danger of SBI or Death. LPN Liasha in training just gave me all of the wrong medication. Primecare rented a CPAP this time in this which just proves last time in this facility they could have resulting in Pending in case 21-CV-2367. Everything this facility is doing is in retaliation of going to the Federal Court for redress by constitutional Right which is now ending up in inadequate medical care and the endangerment of my life, (SUDEP)

71. Corrections Officer Polanco escorted Primecare Medical Inc, LPN Iraida Candia-Romera giving medication on F tier and she continued to give me the wrong "life sustaining anti convulsant" medication. As a result of me exercising my constitutional Rights and me filing pending civil Action No. 21-CV-2360 in 2021. LPN Iraida was working at the jail and is still working here now. As a result of me placing medical care under litigation by constitutional Right now the medical defendants listed are giving me inadequate medical care in deliberate indifference to my serious medical needs. Which is fully motivated by retaliation. I have my Full Primecare Medical Inc. inmate medical file given to me in the beginning of September, after being brought back into custody at Northampton County Prison on 8/24/2024, it was sent to me by John R. Ninosky, Esq. as part of "Primecare Medical Defendants" Rule 26 initial Disclosures to my pending case 21-CV-2360. It states in Full the seriousness of my medical needs, the diagnosing doctor, the medical requirements for continued care and how what they are doing to me is putting my life in danger of Death.

I woke up on the floor with abrasions and a bump on my head and I tried to get the Correction Officer's attention at the CO's station adjacent to my cell "F14" and with his back to me Officer Scott badge #543 was watching "Modern Family" and talking on the phone. After banging on the glass I was not responded to. I notified medical of what happened and I asked how I am on "medical observation" at all when the COs stationed on this unit pay no attention to you. Pursuant to Dr. Chad Edward Saunders MD, and St. Luke's Neurology, I am to be monitored because I am at a high risk of (SUDEP). After the "Code Blue" of December 1st I was allegedly placed on "Medical Observation", but pursuant to primecare I was placed right back from H17 to F14. It was changed in the computer by DON. Shane P. Caffery and Medical Administrator Lauren Tambirino that I am on "medical observation F tier pursuant to primecare", which is NOT even possible. Medical Observation has to be H tier OR the Medical Housing Unit, but due to inadequate medical care in Northampton County Prison, the MHU only has (5) five beds. All others are on H tier.

Claim 72 continued. In an act of retaliation for me using my constitutionally protected right to seek redress in the Federal Court about my prison/housing conditions in May of 2021 by filing pending case 21-CV-2360, now the same exact actions are being done to me. The actions of the correctional and medical persons/defendants are going completely against the designated continued treatment of my chronic serious medical needs, by Paulina Foley, Lauren Tambirino, DON Shane P. Caffery never placing me on "Medical Observation" pursuant to Allysa Bussell CRNP or Dr. Chad Edward Saunders M.D. of St. Lukes Neurology who told Primecare it was necessary for proper continued care of my serious medical needs, because of (SUDEP). "Sudden Unexpected Death in Epilepsy" ALL of the medical Defendants named above were here during the initiation and service by the US Marshalls of pending lawsuit 21-CV-2360, and are now placing my life at risk of SBI or Death. I also state/Declare to the court I AM AFRAID FOR MY LIFE, Due to inadequate medical care for my serious needs.

came to F tier where my housing cell is "F14" and stated "I'm here to see Kreis's (Boo Boos) that he put in a sick call for the unwitnessed seizure activity". That was from the prior incident/claim that Corrections Officer Scott paid No attention to me trying to get his attention for the fact I woke up on the floor at 1:00am, because he was watching TV and talking on the phone. Totally against my prescriber/specialist's recommendations for continued care that I am to be on "Medical observation" in the MHU, but I'm not on medical observation due to (2) two reasons, one is retaliation to my previous Constitutional Right to File pending §1983 5:21-CV-02360 resulting in inadequate medical care and not caring about my life. Also Northampton County Prison has inadequate medical care housing in total. The "Medical Housing Unit" only has 5 beds for all inmates housed by the State. Kathleen A. Maher stated "They are just cuts". I stated that I know you can't stop the nocturnal seizure now, can I please get the triple Anti biotic ointment to close the ~~wounds~~ wounds? Kathleen A. Mahr stated "Yeah Yeah Yeah I'll take care of it." Primecare Medical Inc. in NCP lies to Dr. Chad Edward Saunders M.D.

74. Corrections Officer Harrison Budget # 553 monitored Primecare Medical Inc. Kathleen A. Mahr distribute medication on F tier. I was given the generic medication that is causing severe side effects, because these medical staff don't care about the safety of my life by listening to anything Dr. Chad Edward Saunders M.D. of St. Lukes has told them of continued care of my chronic serious medical needs for my epilepsy, which I can die from. They haven't used the correct medications, made sure they were distributed 12 hours apart, or that I am on "Medical Observation" because of (SUDEP). They took blood levels of the medications being drawn/given, BUT they didn't tell the Doctor at St. Lukes Neurology that they are not the same medication prescribed, so they came back "within limits" it is within limits BUT not the right drugs. This inadequate care is result of my right to Constitutionally File my §1983 in May 2021. Pending 21-CV-2360. see attached exhibit to this claim.

550 monitored Primecare Medical Inc, LPN Iraida Candia - Romero distributed medications on F tier and I was given ALL generic improper life sustaining anti convulsants. Instead of my prescribed medications for continued treatment of Epilepsy. My prescribed "Brand Name" Trileptal was substituted by oxcarbazepine, my Vimpat was substituted with Lacosamide and the anti was ~~also~~ also substituted by the version distributed by Glenmark Generics Inc, from Mahwah, NJ. Primecare Medical Inc contracted inmate care in Northampton County Prison continues to deny, delay or interfere with my proscribed care for ~~the~~ the serious medical need of epilepsy, which I was diagnosed by Dr. Robert Coni M.D. in 2001 when I was 13. St. Lukes Neurology has treated me for it ever since currently being Dr. Chad E. Saunders M.D. In retaliation for me constitutionally protected Right of filing my §1983 in May 2021 pending 21-CV-2360 the NCP defendants and PCM defendants are acting the ways claimed causing me more injuries. I am afraid for my life inside this facility.

76. LPN Dacey L. Fritz of Primecare medical Inc distributed medication being escorted by Corrections officer Harrison badge # 553 and LPN Darcey L. Fritz gave me Lacosamide which is the generic form of VIMPAT. I am prescribed VIMPAT by Dr. Chad Edward Saunders M.D. of St. Lukes Neurology. The differences in these medications are causing severe side effects that I have asked numerous times about and told Primecare about by Primecare "Sick Call" slips, which by the policies in the "inmate hand book" states are answered in "24 hrs". This is a lie because I have given them numerous sick calls that are attached to this complaint and NEVER answer. Bouncing back and fourth with neuroscience medications places my life at risk of SBI or Death (SUDEP) as the Primecare Medical Inc has been told by Dr. Chad Edward Saunders M.D. in the past, all of which is in my inmate medical File "August B. Kreis 2119-6383" in which I recieved pursuant to Initial 26(a)(1) Disclosure For pending civil Action 5/1983 21-cv-2360. In which I filed May 2024. Now being back in here in retaliation my life is at risk of deliberate indifference of my serious medical needs.

B exhibit to claim 77.

77. Primecare Medical Inc employee Melody distributed medication on F tier and while getting my medication I gave the employee about getting "Lacosamide", it is in the medical exhibits attached to this complaint for this date. It is an example of how many times I have brought my problems up to Primecare Medical Inc about my problems and they continue to deny or delay helping me in any way. This County just doesn't care about human life, treating humans as life as an animal. Putting my life in danger of SBI or Death (SUDEP) from serious medical need and doesn't listen to Dr. Chad Edward Saunders M.D for continued care to avoid serious injury or death. Corrections Officer Spazziani badge # 552 was present and witness to the Primecare Medical employee state "why the Fuck are you talking like I know who you Fucking are? Fuck you asshole at least I go home at you piece of shit, this is where you belong." She walked off the tier after that. The actions of these people are all as a result of retaliation from me seeking redress in the Federal Court in May 2021 §1983.

I have alerted the medical care staff and Prison Administration staff numerous times of me getting severe painful headaches, dizziness, lightheadedness, but I am ignored. The jail and jail medical staff are not following ANY of the continued care for my serious medical needs, I have come back inside the Northampton County Prison with my first \$1983 pending lawsuit 21-CV-2360 in fact discovery right now. I stated "I am definately NOT getting the same medications I came in with." She stated "I will have you see the provider for adjustments." I stated "I will need to see my neurologist." Then I said "who are you referring to?" She stated "Paulina." I stated "I DO NOT WANT PRIMECARE ADJUSTING MY MEDICATION." After that discussion she just told me "There is nothing I can do and she never even touched on me trying to make medical aware of my upper back pain. Claim 84 exhibit C.

84. I meant to go take my medications for distribution in front of Corrections Officer Polanco #319 and right after taking up my position in line I went into a "CODE BLUE" medical Emergency for an epileptic episode. This is due to the inadequate medical care and the deliberate Indifference by all listed defendants giving me improper medication, not being on medical observation and the medical staff in this facility never ONCE directed or directly did use my VNS implant magnet during the pending civil rights complaint 21-CV-2360. As a result of the filing of my constitutionally protected redress in the Federal Court now coming back into this during pending case 21-CV-2360 I am being treated in retaliation. Lt. Anthony Pier badge #37 asked if anyone in the medical department knew about the use of my VNS magnet and the medical staff stated "NO". Which, relating to attached exhibits A & B shows that the primecare staff lie in acts of retaliation. I was also given my medication by LPN Sarah in the medical exam room in front of Lt. Anthony Pier and I compliantly took them even though they were ALL the wrong prescribed "anti convulsants / life sustaining medications". I'm afraid for my life do to SPI or Death (SUDEP). The nasty comment was made by defendant Darcey L. Fritz
